

## Target Audience

---

Care and Support staff in a variety of settings and Housing Support Teams who provide direct care and support.

Reablement is about supporting people to become more independent and improve their quality of life. It gives people the opportunity and confidence to relearn and regain some of the skills they may have lost because of poor health, disability or impairment or after a spell in hospital or problems at home, inclusive of recovery from COVID-19.

**This course is delivered using a range of methods and resources including:**

- ◆ Live tutor facilitation, questionnaires, interactive polls, scenarios for breakout groups, questioning and participation and an end of session assessment.

**This course has been developed and mapped to current occupational standards, qualification frameworks and the following documents and resources:**

- ◆ NICE Guidelines - Intermediate Care – Including Reablement
- ◆ NICE Guidelines – Managing the long-term effects of COVID-19

## Course Content
